

**13941.....VIDEOJET Excel/P Printer**

Control panel area containing a digital display, a numeric keypad, and various function buttons.

VERMETEC P-20-21

Control panel area containing a small LCD screen, a numeric keypad, and several function buttons.

VICOJET 2000 D

The control panel includes a small rectangular LCD display at the top left. Below it are five function keys labeled F1 through F5. A standard QWERTY keyboard is positioned below the function keys. To the right of the keyboard is a numeric keypad with digits 0-9, a decimal point, and an equals sign. Above the numeric keypad is a directional pad with four arrows and a central cross. To the right of the directional pad are three buttons labeled POWER, DELETE, and VIEW. Further right is a vertical column of controls: a green button, a red button, a green LED labeled READY, a yellow LED labeled SPINLOCK, and two buttons labeled HOLD and RESET.

VIDEOTEST EXCEL P

The control panel includes a small rectangular screen at the top left. To its right is a directional pad with four arrows pointing up, down, left, and right. Below the screen are five function keys labeled F1, F2, F3, F4, and F5. A full QWERTY keyboard is positioned below these keys. To the right of the keyboard is a numeric keypad with digits 1-9, 0, and a square key. Above the numeric keypad are three buttons labeled ON/OFF, DELETE, and a button with a right-pointing arrow. Below the numeric keypad is an ENTER key. To the right of the keyboard and numeric keypad is a vertical column of controls: a green button at the top, a red button below it, a green LED labeled READY, a yellow LED labeled ACTIVE, and two buttons labeled CLEAR and PRINT. A small green display is located to the right of the vertical control column.
